

Innovative Carcass Design & Robust Blanket Construction

New Generation Blanket Tailor Made For Packaging & Metal Deco Applications

## Features

- Thicker compressible layer to impart superior smash and edge mark resistance
- Exhibits excellent sheet release and uniform ink transfer properties
- High reboundability and resilience to absorb mechanical vibrations
- Sharp dot reproduction and smooth printing of solids
- Reduced piling and linting. Ease of cleaning
- Ideal for wide range of substrates, from paper to board and metal deco printing

*Specially designed, engineered and created with our innovative fabric constructions. Manufactured in-house by our team of textile technologists.*

## Printing Surface

	Colour	Sky Blue
	Surface Finish	Fine Ground & Buffed
	Surface Roughness (Ra)	0.90 µm
	Surface Roughness (Rz)	5.50 µm
	Ink Compatibility	Conventional

Imprint Robusto : microscopic view

## Physical Properties

	Thickness	1.96 mm
	Construction (No. of Fabric layers)	2 Ply
	Total Hardness	74 Shore A
	Compressible Layer	Closed Cell
	Compressibility @180N	200 µm
	Elongation @ 500N/50mm	≤ 0.75%
	Tensile Strength N/50mm	≥ 4000
	Identification Lines	Blue & Green
